

MAG-9 SENA

BLUETOOTH® HEADSET INSTALLATION

The Choice of Professionals

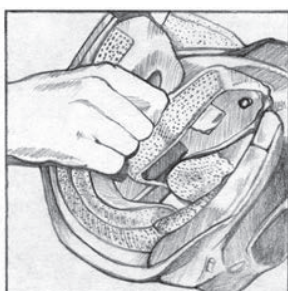

SENA

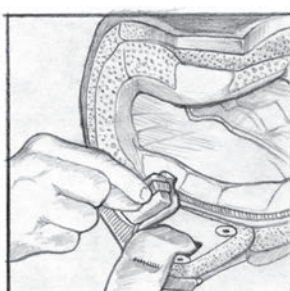

SENA | SMH10

Your new Mag-9 helmet is designed especially for the Bell SMH10 Bluetooth Communication kit powered by SENA which is sold separately.

1. INSTALLING THE SMH10 ON YOUR HELMET

1. Remove the Left and Right side cheekpads from the helmet (attached by Velcro and 2 snaps.)

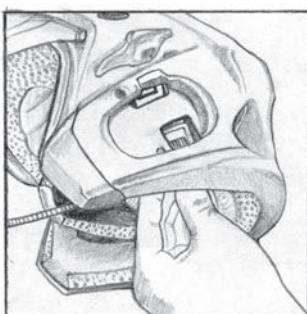

2. On the left side, you will see a red tab. Pull on this tab to remove the EPS plug.

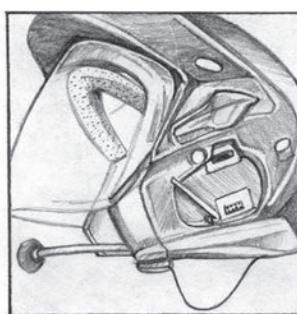

3. Next, remove the trap door on the left side of the helmet.

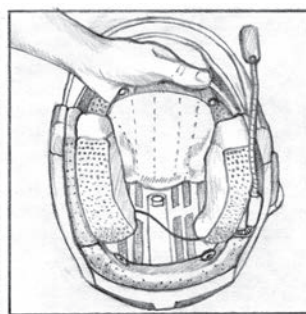

SENA | SMH10

4. Now place the Sena Clamp in the space provided by the removal of the EPS plug.

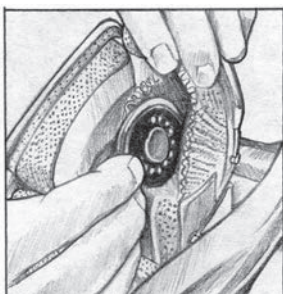

5. Use the provided Allen wrench and screw, and tighten until Sena clamp is secure.

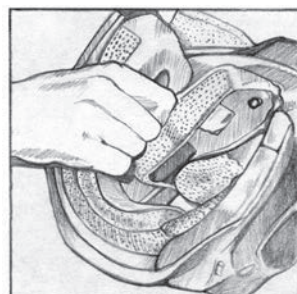

6. Lift up the helmet top padding from the back of the helmet (connected by 2 snaps) and route the speaker wires beneath the padding.

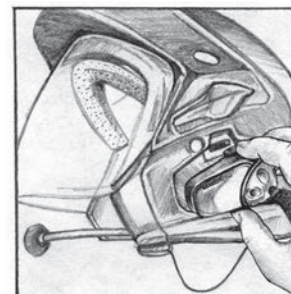

SENA | SMH10

7. Open the Velcro closure on the speaker pockets and place the speakers inside before securely closing again.

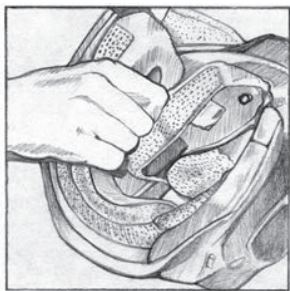

8. Replace the cheekpads, pull the chin straps through the openings in the cheekpads, and then secure the 2 snaps at the back of the helmet, making sure the speaker wiring is hidden beneath the padding.

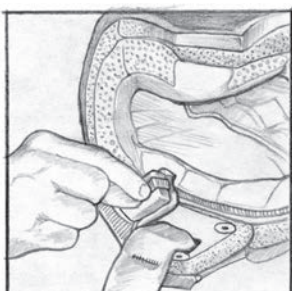

9. You can now attach your Sena SMH10 to the left side of your helmet.
10. Place the helmet on your head and adjust the microphone boom to your liking.

Votre nouveau Mag-9 casque est spécialement conçu pour le kit de Bell SMH10 communication Bluetooth est activé par le SENA qui est vendu séparément.

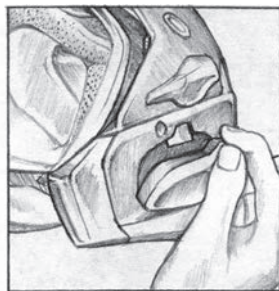

1. INSTALLATION DU SMH10 SUR VOTRE CASQUE

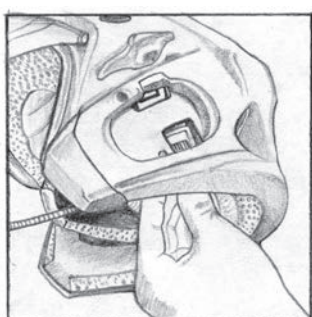

1. Retirez le côté gauche et droit cheekpads du casque

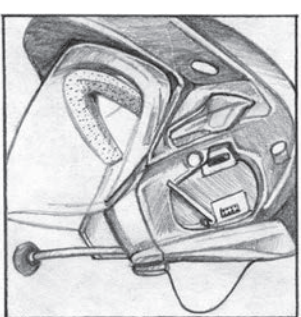

2. Sur le côté gauche, vous verrez un onguet rouge. Tirez sur cette languette pour retirer la fiche EPS

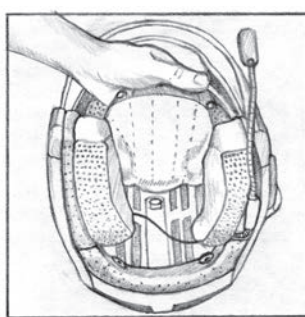

3. Ensuite, retirez la trappe sur le côté gauche du casque.

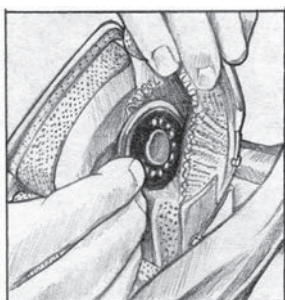

4. Maintenant, placez la pince Sena dans l'espace prévu par le retrait de la fiche EPS.

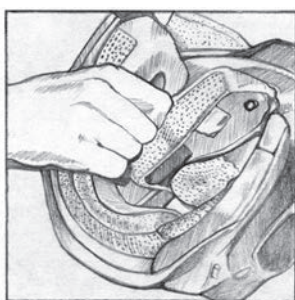

5. Utilisez la clé Allen fournie et la vis, et serrez jusqu'à ce collier Sena est sécurisée.

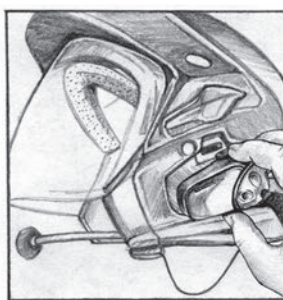

6. Soulevez le rembourrage casque haut de l'arrière du casque (connecté par 2 boutons-pression) et acheminer les câbles d'enceintes sous le rembourrage.

7. Ouvrez la fermeture velcro sur les poches haut-parleurs et les enceintes à l'intérieur avant de refermer en toute sécurité.

8. Remplacer les cheekpads, tirez les courroies de menton à travers les ouvertures dans les cheekpads, puis fixez les 2 boutons-pression à l'arrière du casque, en s'assurant que le câblage des enceintes est cachée sous le rembourrage.

9. Vous pouvez maintenant fixer votre SMH10 Sena sur le côté gauche de votre casque.

10. Placez le casque sur votre tête et ajuster la perche du microphone à votre goût.
